FOR IMMEDIATE RELEASE:

INTERGAM LOGISTICS JOINS FORCES WITH THE BANKER'S EXCHANGE FOR EXPANSION INTO RUSSIA, EASTERN EUROPE, AND CIS

Smyrna, GA, USA, June 22, 2009

The Bankers Exchange of Smyrna, Georgia, joins forces with Intergam Logistics (Chicago-Moscow) as part of a global expansion initiative into the ATM support market. Intergam Logistics brings its multi-level expertise in world-trade and infrastructure to this new partnership with the Banker's Exchange, a leader in Multi-Vendor ATM Supply & Support. This collaboration represents an addition to the family of services provided by Intergam Logistics and will ensure solid and reliable representation of The Banker's Exchange's services in Russia, Eastern Europe, and the CIS. Christian Ranke, President & CEO of The Bankers Exchange, commented on the partnership, "We are one of the few companies to have invested into expansion within this industry over the past year. Our placement in the Eastern European ATM market is not only essential for our growth, but key for our overall success". Alex Shchekin, CEO of Intergam Logistics-Chicago, recently stated "The demand for ATM Services and Support in the European marketplace has grown tremendously over the past year. Of all the companies within the ATM Industry, The Banker's Exchange has all the resources and capabilities to ensure both of our successes in supporting such a large marketplace. The Banker's Exchange and Intergam both share the same business ethic and same vision, so a partnership made sense for the long-term".

For additional information on Intergam Logistics joining forces with The Banker's Exchange, contact or visit www.intergam.ru.

ABOUT INTERGAM LOGISTICS - Intergam Logistics has been in business since 1992 and has been providing trade and infrastructure services to clients in Eastern European and world markets.

ABOUT THE BANKER'S EXCHANGE - The Banker's Exchange has been in business since 1991 and is the leading Supply and Support partner to the global ATM Industry as well as a turnkey solution supplier for the banking community. Over the past year, the company has expanded into the ATM rebranding and deployment market and created sister-company ATMMatrix LLC to support this market.

The Bankers Exchange was the first company to introduce a Multi-Vendor Parts Portal, (NCR, Diebold, WN, Triton), that not only boasted high-definition images with zoom capability, but also displayed all cross reference information, stock levels, backorders, item usages, and also the complete ATM by model parts breakdown. The Portal has allowed all partners to have full access to our ERP and all affiliated information on the item requested. More information can be found at www.bankersx.com
